PARQUETPRO

SCENTED FLOOR CLEANER

Parquetpro is a cleaner made with natural, pH-neutral soap, designed for cleaning varnished or oil-treated wooden flooring. Thanks to its properties it removes dirt and grease without damaging the varnish, leaving a pleasant fragrance in the room. It can also be used on other surfaces, such as marble, terrazzo and vinyl flooring (PVC, LVT or SPC).

TECHNICAL CHARACTERISTICS:
- Monocomponent
- Excellent detergent and cleaner
- Pleasant scent
- Water-based

WHERE IT CAN BE APPLIED:
- Varnished solid wood flooring
- Varnished multi-layered wood flooring
- Oil-treated wood flooring
- Varnished wood elements in general (staircases, etc.)
- Vinyl flooring (PVC, LVT or SPC)
- Other general flooring (following a patch test)

DO NOT USE:
- On unfinished bases
- On materials which are extremely absorbent or porous

SPECIFIC CHARACTERISTICS (normal conditions):

Appearance:	Liquid
Viscosity, Ford 4 at 20 °C (seconds):	11 - 13
Yield: (g/m²):	Depends on level of dilution and surface treated
Drying time (hours):	Depends on level of dilution and surface treated
Usage temperature (°C):	+15 - +25
Application/Equipment:	clean cloth, mop
Storage (months): temperature between +5 °C and +25 °C	12
Disposal information:	Dispose of in compliance with the local and national regulations in force
Packaging:	1 litre bottles
Usage limitations:	Allow the product to reach 20 °C before applying Frost sensitive Always use suitable personal protective equipment Always consult the technical and safety information sheets

APPLICATION:

Depending on the amount of dirt present, PARQUETPRO can be used when diluted as shown. Pour 5-10% of PARQUETPRO into a container with clean water and, using a cloth or mop, clean the entire surface. Rinsing is not necessary. Deep cleaning: dilute to 30-50% and apply with a cloth. If necessary, repeat with damp cloth. Always use suitable personal protective equipment. Always consult the technical and safety data sheet for the product.
