

DECERLEGNO

WAX REMOVER

Concentrated water-based wax remover for flooring with strong degreasing action.

TECHNICAL CHARACTERISTICS:

- Concentrated wax remover
- Excellent degreasing power
- Ideal for removing stubborn marks

WHERE IT CAN BE APPLIED:

- Pre-finished floors
- For removing Brill or Polish WB
- Laminate flooring
- Rubber, PVC, LINOLEUM or LVT flooring

DO NOT USE:

- On delicate surfaces
- On glass surfaces
- On unvarnished surfaces

Appearance:	Liquid
Viscosity, F 4 at 20 °C (seconds):	11 - 13
Yield: (g/m ²):	Depends on level of dilution and surface treated
Dilution:	As a grease remover: 3/4 caps in 5 litres of water As a wax remover: undiluted or 1:1 dilution with water
Usage temperature (°C):	+15 - +25
Application/Equipment:	clean cloth, mop
Storage (months): temperature between +5 °C and +25 °C	12
Disposal information:	Dispose of in compliance with the local and national regulations in force
Packaging:	1-litre bottles – Boxes of 12
Usage limitations:	Harmful if inhaled, ingested or comes into contact with the skin Frost sensitive Do not apply in damp environments Allow the product to reach 20 °C before applying Always use suitable personal protective equipment Always consult the technical and safety information sheets

APPLICATION:

Remove surface dust or impurities before applying.

Dilute DECERLEGNO based on the amount of dirt present and the required use (to treat particularly tough dirt and varnish marks, use DECERLEGNO undiluted and leave it to react for around 5/10 minutes). Apply DECERLEGNO diluted, use a buffer, and vacuum or mop up the wash liquid.

Once the residual detergent solution has evaporated, the surface is ready to be waxed. Always use suitable personal protective equipment. Always consult the technical and safety data sheet for the product.

NOTE: ensure in advance that the product is compatible with the surface being treated to prevent any potential damage.

HAZARD PICTOGRAMS:
